Guard Against Outbreaks

Doukhobor Firebugs Closely Watched

By Ken Methall

SHOREACRES, B.C., Aug. 25.—(CP)—Grim-eyed guards kept a close watch on this small, picturesque Doukhobor settlement today in a desperate attempt to halt a fanatical band of firebugs whose outbreak of arson and violence have caused one of the worst reigns of terror ever forced on this district.

MEANWHILE, representatives of British Columbia's 7,000 orthodox Doukhobors issued a written appeal to the police and Attorney-General Gordon Winter tooust the radical Sons of Freedom group, generally blamed for most of the depredations that have shocked this West Kootenay district for the past 20 years.

A tight cordon of guards was thrown across this settlement, located on the banks of the broad Kootenay River some 18 miles west of Nelson, last night following a

(Continued on Page 3)

Escaped Convicts Still at Large

Three Bandits Hold Up Another Ontario Bank

LONG BRANCH, Ont., Aug. 25.—(CP)—Three armed bandits escaped with \$4,000 in a hold-up at the Canadian Bank of Commerce branch in this town 10 miles west of Toronto today.

Two of the bandits entered the bank shortly after its opening hours and a third remained at the wheel of their getaway car. The bank manager fired one shot after the pair as they dashed out of the bank to the car but no one was hurt.

TORONTO POLICE last night previously had received a tip that the three long-term prisoners who escaped a week ago from Kingston penitentiary—Donald (Mickey) McDonald, Ulysses Lauson and Nick Smith—were in the Toronto area but it was not known immediately whether they took the hold-up with the escaped trio.

McDonald and Lauson had been linked with the \$40,000 hold-up of a Royal Bank of Canada branch at Windsor last Friday

(Continued on Page 2)

20-Million-Dollar Loss in Hailstorms

CALGARY, Aug. 25.—(CP)—The Alberta Wheat Pool today estimated about \$20,000,000 damage to wheat crops in the province by hail storms in Alberta—the worst in 10 years.

J. Glen Elder, manager of the Hail Insurance Board, said however that only between \$1,500,000 and \$2,000,000 will be paid in claims. Up to last week the board received 4,200 claims.

The Wheat Pool said approximately 600,000 acres had been hit by hail with much of the area damaged 100 per cent. It is estimated that 25 per cent of the farmers carried enough insurance to cover crop expenses.

One of the largest storms, the Pool said, was in the Wetaskiwin district about 40 miles north of Edmonton, where a 30-mile strip extending from the district to the Saskatchewan border was damaged up to 100 per cent.

"Other storms causing heavy damage were those extending over an area of 100 miles wide from Vulcan to the Saskatchewan border, and another storm, though smaller in area caused extremely heavy damage in an area between Niverville and Seven Persons."

Senator Harmer's Condition Serious

OTTAWA, Aug. 25.—(CP)—Senator William J. Harmer, 74, Liberal member of the Senate for Alberta, is still in serious condition at the Civic Hospital here, hospital authorities said today. He entered hospital Aug. 3 for treatment of an undiagnosed ailment.

Formby on Tour

EDMONTON, Aug. 25.—(CP)—Comedian George Formby left last night for New York en route to his tour of the United States where he will make a four-month tour.

Volunteers Check Flames

Fires in Nova Scotia Now Under Control

HALIFAX, Aug. 25.—(CP)—Flames racing through timber on the Jordan Bay peninsula near Shelburne, 100 miles from here on the province's south shore, were brought under control today after destroying three homes and a church and forcing fishermen to flee the area.

REPORTS this morning said the fire, which began about 10 a.m., was being held by a large force of volunteer fire-fighters recruited from the surrounding areas. A predicted shift this afternoon from south to southwest winds would not change the fire situation.

The most serious of a dozen fires burning in Nova Scotia's woodlands during the week-end, the fire destroyed about 200 acres of the Roseway hospital to make preparations for evacuation of 100 patients as smoke drifted over the fire-front two miles away enveloped the building.

First Germans May Come to Canada

LONDON, Aug. 25.—(CP)—The Daily Express, in a Frankfurt-delivered dispatch, said today "The first Germans to be allowed to emigrate to the British Empire are likely to go to Canada."

The paper added: "Sponsored by the Canadian high commissioner in London and approved by Canadian immigration authorities, representatives of three Canadian religious bodies have applied for permission to enter the United States zone to select future citizens."

At Ottawa, government officials could not be immediately reached for comment, but it was recalled that Reconstruction Minister Howe, interviewed on his return last week from the United Kingdom and Europe, said specifically that no consideration had been given to permitting homeless Germans to come to Canada.

However, consideration was being given to "borderline cases" such as numbers of persons from the Baltic States who, fleeing into Germany before the Russian advance, had been forced into labor in the Reich.

Soldier Victim Of Polio Dies

CALGARY, Aug. 25.—(CP)—Staff Sgt. William Cameron Jennings, 36, Calgary's first and only case of poliomyelitis this year, died in an "iron lung" in hospital Saturday.

He was born in Toronto, and lived until 1916 when he moved to Kilmory, where he remained until 1919 when he came to Calgary.

Baby Girl Born Aboard Airplane

MEDFORD, Ore., Aug. 25.—(AP)—Mrs. Pauline Larson, 36, a Southwest Airplane yesterday, and airline officials reported an extraordinary nurse attended the mother in the plane left here at 3:25 p.m. and 15 minutes later the pilot reported that the woman—one of his passengers—was having the child and he was turning back in Medford.

Manitoba's Polio Cases Total 317

WINNIPEG, Aug. 25.—(CP)—The number of poliomyelitis cases in Manitoba so far this year rose to 317, with 16 new cases reported today. The disease is spreading in the province, with health authorities. Two more cases of encephalitis (sleeping sickness) have been reported since Saturday, raising to 13 the number of victims of this disease in the province.

Noted Publisher, W. M. Southam Dies

OTTAWA, Aug. 25.—(CP)—William Mills Southam, 78, director of the Southern Publishing Company, former managing director of the Ottawa Citizen, and one of the city's leading philanthropists, died in hospital yesterday following a lengthy illness.

His funeral will be held privately today.

Eldredson of William Southam, founder of the Southern newspaper, said he was born in London, Ontario, and educated there and in Hamilton. He learned the business side of newspaper publishing under his father's direction and took over the business manager of the Hamilton Spectator in the early 1900s.

He came to Ottawa in 1907 with his brother, J. B. Southam, to be managing director of the Citizen.

City Man Is Killed at 97 street and 106 Avenue

The above layout shows pictures concerning the traffic accident which Sunday morning which resulted in the death of a city man and critical injuries to a city woman. At the upper right is Paul Kowalski, 32, who was killed instantly when struck by an automobile. In the upper center is Constable E. J. Loutch of the city police department.

Time Enough Later for Worry Is British View

Little Man Not Letting Crisis Spoil Holiday

By ED CREAUGH
 LONDON, Aug. 25.—(AP)—How is the Little Man taking the current economic crisis? Well, as of today, he's taking it on his back in a deck chair, with the sun beating down and the tide lapping at his feet. It can be possibly arranged it. This is the view of the Little Man, a jolly old creature who is just what the traditional two weeks of the seashore are over.

"It has been a most gentlemanly crisis, observed the London Sunday Observer.

Most cabinet ministers have joined the working man and his wife at the beach, although they were on call for "emergency" meetings. They were the vacationers who were packing down in Brighton and Blackpool, the weekend holiday trains are jammed to the windows, and the papers are full of bathing beauties.

Protest Measure Jews Plan Economic War Against Britain

OTTAWA, Aug. 25.—(CP)—Jews plan economic war against Britain, militant Jewish underground group, exhorted Jews throughout the world today to "hit Britain economically without mercy" in protest against the trans-shipment of 4,400 Jewish refugees to Germany.

In a broadcast denouncing British treatment of the refugees, who were intercepted in mid-air while trying to enter Palestine illegally aboard the Exodus of 1947, Jews declared:

"You can stop the cruel British machine after we have paid your taxes. Do not obey their orders. Do not obey their laws. Boycott, boycott, boycott until the end. Jews of the whole world can bring great harm to our enemy: Britain."

He came to Ottawa in 1907 with his brother, J. B. Southam, to be managing director of the Citizen.

(Continued on Page 2)

Arabs to Counter Jew Migration

JERUSALEM, Aug. 25.—(BUP)—Jamaal Hussein, Palestine's No. 2 Arab leader, said today that if illegal Jewish immigration continues after the United Nations Assembly session, 20,000 Arabs will come from neighboring countries to counter-balance it.

"We have worked out to the last detail a plan under which our brethren in neighboring Arab states will come here to live with us to cities, villages and the desert," he said.

"At least 20,000 will be brought in the first year. For every one illegal Jewish immigrant there will be 10 illegal Arabs coming here."

Chief Engineer Dies
 YONKERS, N.Y., Aug. 25.—(AP)—George W. Kilbridge, 54, chief engineer of the New York Central Railroad system, died here last night.

LOVE IN PULP

Jack Scott discovers why the sinner looks pale and drawn when he and his wife get home from the movies. As, what an incredible discovery. Read his column "Our Town" on Page 8 today.

Driver Is Charged With Manslaughter

One Edmonton man was killed, and a city woman, the mother of 11 children, was critically injured, as a result of being struck by an automobile at the intersection of 97 street and 106 avenue at 12:15 a.m. Sunday.

Killed
 Paul Kowalski, 32 years old, 12435 67 street.
 Critically Injured
 Mrs. Mary Bidnik, 47-year-old widow of 13219 54 street.

James Robert Heydenreich, 10946 81 avenue, alleged by city police to be the driver of the automobile which struck the two citizens, stated he was travelling north on 97 street at 106 avenue at approximately 35 miles per hour, when he saw two people crossing the intersection.

HE TOLD POLICE he averted his vehicle to the left in an attempt to miss the pedestrians, but being late, he struck the woman, who was hit squarely. After the impact, the car spun, sharply to the left, hit a parked vehicle and wound up on the curb, against a building on the left hand side of the street.

He appeared in city police court this morning charged with manslaughter, and was remanded until Sept. 11. He was released on \$10,000 bail.

Three ambulances responded immediately to the emergency calls and the victims were rushed to the Royal Alexandra Hospital in Smith's and Paul's ambulances.

Declarations pronounced Mr. Kowalski dead and Mrs. Bidnik to be in a critical condition, on arrival at hospital.

Mrs. Jennie Kuehler, 12428 61 street, told police that she was with the two victims, and had crossed the street before them. She reported seeing the car which never saw the car until it had passed, striking another vehicle and hitting a building. She said that the driver did not see her companions hit.

It was alleged that the three people had been drinking and were crossing the road in order to catch a taxi home.

MRS. BIDNIK, who was reported to be suffering from a fractured hip, and presumably a broken pelvis, and her husband in an accident last year. The husband, John Bidnik died as a result of extensive head injuries suffered when he fell from the rear step of a city garage wagon on Grierson Hill March 18, 1946.

Three witnesses who were at the scene of the accident, W. W. Bachmistrick, Conroy Island Harbor Shop 101 street and 104 avenue, Mike Peterschick, 12319 51 street, and John Ferby, 5665 105A avenue, told police they were walking.

Home Oil Plans Drill Near Leduc

Canada's top-ranking independent oil producer, Home Oil Company, has announced that it will commence development of a new oil field in the Leduc sector of the Edmonton oil fields in the near future. Initial drilling will be on what has been termed a "choice quarter" of "Treblebird rights" off setting Imperial Oil's No. 123 group—Imperial's producers No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

Home Oil is one of the first independent to get into the Leduc field, acquiring two close quarters within a few days of the discovery last fall.

Title to the property owned by Home Oil was bought outright for \$58,000 for surface and mineral rights.

Husky Refining Company announced over the week-end that location has been staked and drilling contract let for a wildcat well in the Vaseau area, southwest of the Lloydminster area. Conoco, Inc., has been let a concessionary drilling Co. who will move on light rotary rig shortly.

The wildcat is the first of a series to be drilled this summer and fall.

Here is the Monday program reported on Imperial Oil wells: No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

May Cut Food Imports

U.K. Cabinet Holds Emergency Meeting

By W. B. Higginbotham
 LONDON, Aug. 25.—(BUP)—The cabinet met in emergency session today to discuss a possible 50 to 75 per cent reduction in food imports from the United States and consequent cuts in the meagre British rations.

A CROWD of nearly 500 guests outside No. 10 Downing Street, who had obtained some sort of relation in the non-discrimination clause of American law when he told newsmen that a stop at Shannon Airport. The object of the visit were attacking the "I CAN NOT DENY too strongly any suggestion that our problems were caused by the war," he added that the Washington talks were conducted with the greatest

A CHOICE OF TENANTS

Only recently a city resident decided to rent a brown suite to desirable tenants, in order to be in a position to choose the type of people he wished to have live in his home, he wisely requested the use of a Bulletin "Choice of Tenants" card.

For Results—Service—Satisfaction—use Bulletin "Wash-Aid."

Canadian Officers Parachute to Aid

WINNIPEG, Aug. 25.—(CP)—Two Canadian Army officers parachuted last night to the aid of Technical Sergeant J. H. Nelson of Gary, Ind., and his wife, whose plane had crashed near Water Hen Lake, 170 miles north of Winnipeg, Man., from which a RCAP Dakota bearing the officers had taken off.

The two, Capt. L. G. D'Artois and Lieut. B. C. Henry of the Army School conducted at Rivers by the Army and RCAP, reported by Very signals that neither Nelson nor his wife had been injured and that Capt. Ross Wiloughby, medical officer aboard the Dakota, did not need to parachute to the aid.

Nelson, who is stationed with US Army Engineers at Churchill, Man., took off from Winnipeg Friday for Churchill and when he failed to appear at the Pae, midway on the route, RCAP planes began a search. It was rewarded late yesterday when his plane was spotted lying on its back.

Capt. D'Artois, who parachuted into France during the Second World War, and Lieut. Henry carried a signal set with them to night but it failed to function well. They then restored to the Very signal.

Another set will be dropped tomorrow and a Norwexman plane, able to land on the lake, is on its way south from Churchill to pick up Nelson and his wife.

Jewish Plan

(Continued from Page 1)

tain is in economic trouble. They are ill economically without "nery."

The Irish broadcaster also urged Jews to ignore appeals for a hunger strike today to protest treatment accorded the refugees.

"This is no time for fasting. It is now time for war."

BRITISH SOURCES, meanwhile, reported that Gen. Sir Alan Galloway, high commissioner for Palestine, was weighing the possibility of leaving for Britain tomorrow to confer with the government concerning the fate of the refugees.

These sources said that Canningham was "generally" regarded as building somewhat different views than some of his fellow officials on the situation, "but did not elaborate."

The refugees in question are en route to Hamburg aboard three British transports after spending more than three weeks anchored at Port de Boue, France, where they refused to disembark in protest against being denied admission to Palestine.

THE JEWS originally embarked for Palestine from a French port, and France had offered them asylum if they would disembark voluntarily at Port de Boue. Britain has now promised that she transport them overland from Hamburg to the French border and that French officials accept them there.

France has not yet replied to this proposal.

Ford Prices Up

DETROIT, Aug. 25.—(AP)—President Henry Ford II announced today that prices on "most models" of Ford Motor Company passenger cars and all trucks are being raised from \$20 to \$27, effective immediately.

"This is an average increase of 42 per cent," he announced said. "This action has been dictated by the simple necessity of keeping Ford Motor Company on a sound economic basis." The action followed price rises recently announced by other manufacturers of the automotive "big three," Chrysler and General Motors, and Nash and Packard.

Imperial Oil Company Officials Visit City, Then Fly North

—Photo by Star.

A party of prominent Imperial Oil Company officials were city visitors Saturday. They travelled the Leduc service of the Edmonton oil fields, and left Sunday morning to view the dismantling of the oil fields, and to be transferred to the city late Monday. They are expected to return to the city late Monday. Seen above are left to right: Dr. C. B. Hopkins, vice-president of Imperial Oil; H. H. Hewitt, president of Imperial Oil; Eugene Holman, president of Standard Oil (New Jersey); and G. L. Stewart, chairman of the Imperial Oil board.

U.K. Cabinet

(Continued from Page 1)

possible measure of goodwill and understanding."

Newspaper reports from Washington said the United States had agreed to moderation of the clause which channels most of Britain's loan dollars into the American market.

Eady said he would report to the cabinet tomorrow. He was to confer with Chancellor of the Exchequer Hugh Dalton today.

Minister of Food John Strachey attended the session to present his ministry's survey of cuts necessary to help Britain through the dollar crisis. Earlier he met the Caterers' Association to discuss proposals for reducing restaurant meals.

CABINET MINISTERS returned back from vacations and week-ends in the country for the meeting, which may also decide on plans for further reductions in the armed forces. Attlee flew back from Wales.

Applause from the street crowd greeted Foreign Secretary Ernest Bevin and Lord President Herbert Morrison as they entered the meeting.

A plan by Defence Minister A. V. Alexander to reduce still further the armed forces strength also was reported ready for cabinet action, possibly today. The clamor within the left wing of the Labor Party to cut the army, navy and air force may get results soon. The left-wingers believe the country is keeping men in the services who should be at home working for export industries.

Several smaller manufacturers, including Hudson, Kaiser-Frazer, Nash and Packard.

Three Bandits

(Continued from Page 1)

and Windsor police today said that as far as they knew McDonald and Latson were still in the Windsor area.

GUELPH, Ont., Aug. 25.—(CP)—A farmer's tip to police that an olive-green sedan had been abandoned in a patch of bushland northeast of here has led to recovery of the getaway car used by Donald (Mickey) McDonald, Nicholas Thistle and Ulysses Latson in their break a week ago today from Kingston penitentiary.

Finding of the car, stolen from Henry Haunts of Kingston, provided a missing link in the story of the "convict" movements but although a p.l.c.e. immediately launched a hunt for cities in the Guelph area, apparently it afforded no solution to the mystery of the trio's present whereabouts. The car was found on the Erasmus road, a gravel highway located upon by Guelph residents as a "back road." The Erasmus road rambles northeastward through Erie, Alton and half a dozen other small communities to Orangeville, skirting most large centres of population.

The theory is that the convicts followed this back road until they were within about five miles of Guelph, abandoned the olive-green sedan, walked a short distance farther along the road, and then, early Friday, made off with an automobile owned by R. C. Cairns of Guelph.

The stolen Cairns car next was sighted in Windsor, Ont., where two gunmen who robbed a bank of \$40,000 Friday afternoon used it for a getaway and then abandoned it in Windsor. In the car, besides a shotgun and ammunition, police found McDonald's fingerprints.

Man Is Killed

(Continued from Page 1)

ing north on 91 street, when the car, alleged by police to be driven by Heydenreich, passed them at a speed estimated at between 50 and 60 miles an hour.

They reported hearing the impact of the accident but did not see it. According to police, from point of impact to where the victim was lying in the street, measured 42 feet to where a woman was found, and 35 feet to where the man was lying. The street is 47 feet wide.

Pelix Werbak, 10619 97 street, told police he was in his home sleeping when he heard a crash, and felt the house shake. Investigating he saw that his car and house had been hit by a vehicle. He also reported seeing two people lying on the street.

Heydenreich, believed driving a vehicle bearing a California license plate, was arrested by police as dangerous driving charge. He was later freed on bail. The charge later was changed to manslaughter.

At the time of the accident police report the visibility was dull, and traffic fairly heavy.

Kowalski, believed to have died last night, was 32 years old, and for the last seven years had been employed as a butcher with a packing firm.

He is survived by his mother, Mrs. Anna Kowalski, 10619 97 street, the Rev. Brother Philip, Mundare, Mike and John of Edmonton; and Peter, Vilas, four sisters, Betty, Corinne, Mary, Vancouver; sister of service, Marian, on the radio, and Cassie, a school teacher at St. Mary's.

It is expected that a funeral service will be held Thursday at Villa. Burial will take place in the St. Mary cemetery.

None of Mrs. Biddiaki children reside in Edmonton.

In 1938 the cable rate between Great Britain and North America was \$5 a word.

Doesn't Give Public "Real Protection"

WINDSOR, Aug. 25.—(AP)—The House of Representatives labor committee said today the Taft-Hartley Act "does not have enough teeth in it to give the public real protection against action-wide strikes." The co-author of the new labor measure said he will try to have Congress remedy the situation next year.

Leo's Lady Romps Home In Handicap

The winners left Edmonton for Winnipeg after a successful 13-day stay, and included in the shipment was a dark bay filly that proved conclusively that she could run on fast tracks and in the mud as well.

She is Leo's Lady, which flashed to victory in the Speed To Star handicap when conditions were ideal, and which romped home Saturday in a race of mud to take the Continental handicap, feature of the closing program.

LEO'S LADY appeared to like the mud. She made all the running and won without being seriously threatened. H.V.V. ran second and H.V. tried, but had not enough left to save the show.

The wet, chilly conditions failed to dampen the enthusiasm of the racegoers, however, and the parimutuel turnover was close to the corresponding day a year ago.

The figures were \$115,016, compared with \$106,126.

LIBERTY BOY and Camp Whip combined to make 41 daily double tickets-holders happy, paying 168.50 while the quintella, Valida Joy and Great Leader, returned \$8.10.

Jockey Emil Roy led the riding parade for the meeting with 22 wins, 13 seconds and 10 thirds. Next was C. Godley, 16-2, while R. Johnson had 10-7, and Johnny Silverlight 10-8.

THE STRIP OF muddy track leading from the judges' stand to the enclosure and those who persisted in creating, provided added entertainment for the patrons in the grandstand.

One chap fearing he might lose his rubbers, dragged his feet all the way across, another leaped the fence and kept on going without them, and a third, who may have had one too many, cut a few silly figure eights before he reached solid ground. Still another took his off before crossing and carefully carried them over, putting them on at gain the grandstand enclosure.

LETHBRIDGE, Aug. 25.—(CP)—Lethbridge Shagmugians quickly took a one-game lead in the Alberta senior men's football finals last night when they blanked Calgary 4-0 before about 1,000 chilled fans.

We grounds made it impossible for the afternoon game to be played.

The two clubs will wind up their series in Calgary Aug. 30 with the winner advancing into the western Canada semi-final against the winner of the Manitoba and Saskatchewan series.

Lineouts: 000 000 000-4-1; Lethbridge 100 110 000-8; Kelly and Pearson, McArthur and F. Jones.

GIANTS CRACK HOME RUN MARK

CASEY'S RELIEF HELPS DOGDERS MAINTAIN GAP

NEW YORK, Aug. 25.—(AP)—Foreman Hugh Casey, coming to the rescue of Ralph Branca in the eighth inning, extinguished a Pittsburgh rally and enabled the National League-leading Brooklyn Dodgers to down the Pirates 3-1 yesterday.

Meanwhile, after a jittery start, the St. Louis Cardinals belted Boston pitchers for 15 hits, including Stan Musial's 16th home run, for a 5-3 victory over the Braves. The victory kept the second-place Redbirds within six games of the Dodgers.

BRANCA, who received credit for his 18th victory, had been touched for one run at Brooklyn and had men on first and second and out when he was replaced by Casey who fanned Frankie Guerin and got Ralph Kiner on an infield out to end the rally and Pittsburgh scoring. Substitute second baseman Eddie Mookieh homered for one of the Dodgers' runs.

AT BOSTON, Card pitcher Mookieh struck out in the bases batted Redbirds to victory, ending the season's second consecutive homerless game.

AT PITTSBURGH, the Pirates' first-run homer, a 3-1 triumph over the Cardinals, was the first of a two-game series.

AT ST. LOUIS, the Cardinals' first-run homer, a 5-3 triumph over the Braves, was the first of a two-game series.

AT CINCINNATI, the Reds' first-run homer, a 5-3 triumph over the Cardinals, was the first of a two-game series.

AT CLEVELAND, the Indians' first-run homer, a 5-3 triumph over the Cardinals, was the first of a two-game series.

AT PHILADELPHIA, the Phillies' first-run homer, a 5-3 triumph over the Cardinals, was the first of a two-game series.

AT PITTSBURGH, the Pirates' first-run homer, a 5-3 triumph over the Cardinals, was the first of a two-game series.

AT ST. LOUIS, the Cardinals' first-run homer, a 5-3 triumph over the Braves, was the first of a two-game series.

AT CINCINNATI, the Reds' first-run homer, a 5-3 triumph over the Cardinals, was the first of a two-game series.

Juniors Absorb 6-0 Defeat

Esks Blank All-Stars In Exhibition Game

The pennant-winning Eskimos of the Big Four Baseball League whitewashed an all-star junior nine 6-0 at Renfrew Park yesterday. The senior team had one big inning—when it was the bottom of the ninth.

For against the Big Four crew the all-stars were scarcely that. What they lacked principally was the power at the plate. They bested themselves in that department by swinging at a lot of bad balls.

BIG ERIC Wigeland started for the juniors and he was tagged with the defeat. Doug Stewart toured the parks in the third inning after getting into Doug Clark's bubble at second. The Esk outscorer completed the trip on Rodger's sacrifice and a wild pitch.

The third frame did it. A total of five sacrifices, including Jerry Seaman's triple to centre, chased Wigeland to the showers. Dave Brockie, Bill Brockie, Chuck Broder, and Ken Samis smacked the pill for singles in the rally, and Wigeland belted the surge along by making Doug Stewart with the pellet.

By the time the fire was out five runs had crossed the platter. AFTER that it was a 6-0 ball game, with Doug Lowe, Vern Callahan, and Lloyd Yakimovich stifling the senior bats with three hits. Terry Cavanaugh converted the first all-star hit of the game, a peeping single to centre in the fifth frame. Jimmy Stewart, rightfielder, slammed a solid single to left in the sixth for the last junior clout.

Four Eskimos chucked troups in the sixth. Doug Darrah whiffed four in his two innings. Jerry Seaman struck out two in his tenure. Lefty Beller worked the field and sixth canvas and fanned one while Forrest Hunter batted three via

the strikeout route in the last three frames.

DAVE BROCKIE parked three singles out of the infield and Broder cracked the willow for a pair of backstops. Ken Samis, Eskimo backstop, collected two hits in four trips as well.

Why Grow Old?

Actress Dorothy Malone and Henry Lewis find a change a revitalizing experience. Try it.

By Josephine Lowan
I suspect the old saying, "Variety is the spice of life," is much more potent than we realize. Yet the business woman, who spends her days in an office and then returns home to do the same things each evening, and the housewife, who goes through the same motions and performs the same duties each day, could profit by taking this theory to heart.

As a matter of fact, life tends to type all of us and to catch us in traps of necessity, even in our chosen careers. This will always be true because success in any field requires concentration and a lot of the same kind of hard work. Yet we can break loose for a few hours each day if we will apply energy, determination and imagination.

We can at least change our outlook. Many situations when seen from a different viewpoint become amusing or exciting. It is the "deadly danger" of getting into a rut in our view of things. As long as we take our rut for granted and

Siamese Twins Born In U.S. Hospital

ROCK SPRINGS, Wyo., Aug. 25.—(AP)—Rare siamese twins were born in Wyoming general hospital here yesterday to Mr. and Mrs. Harding Brown of Pinedale, Wyo. The attending physician, Dr. K. E. Krueger, said the twins, united at the front pelvis, were full-term babies delivered by Caesarian section. "They are normal in every other way," he said. "The only thing to determine," Dr. Krueger said, "is whether the girls, weighing a total of 13 pounds, grow or not. They were placed immediately in an incubator and Dr. Krueger said their condition was "fine." He added, however, that medical orders that the chances they will survive are "very, very small," because "too large a section of the bodies is connected."

Bridge

By William E. McKenney
Whether to play a contract at no trump or a suit is a matter of far more importance in tournament bridge than in rubber bridge. You consider the safest contract, the one that is most likely to succeed in whether you make 100 or 120 points. But in tournament bridge, you can make four hearts or four no trump, you had better play it if it is no trump, because it counts ten points more. As a result

♠ A 8 7 4	♥ K 6 3	♦ K 5 3	♣ A 10 9 7
♠ 10 8 5	♥ 10 8 5	♦ 10 8 5	♣ 10 8 5
♠ K 7 5	♥ 7 5	♦ 7 5	♣ 7 5
♠ 4 3 2	♥ 4 3 2	♦ 4 3 2	♣ 4 3 2
♠ A K 8 3	♥ A K 8 3	♦ A K 8 3	♣ A K 8 3

Tournament—each vul

South	West	North	East

4	Pass	3	Pass
Opening—W			

the average player in tournaments tries to play too many hands at no trump, especially when the correct contract is a suit. For some reason, the inexperienced tournament player seems to think that if he can make five clubs or five diamonds, he certainly can make three or four no trump.

At no trump, declarer, at best can take only eight tricks with today's hand and he may take less if a heart is not opened. East will produce game in clubs. South's bid of one no trump was rather odd. He could have rebid clubs if for no reason there was to tell his partner that he was not on a short club suit. However, he preferred to show more strength and to tell North that he thought he had the heart suit stopped. With his singleton heart, North was correct in showing support in clubs. When South went to four clubs, right out of the three no trump zone, North was entitled to stretch his hand a little with the five club bid.

When the opening heart lead had been shifted to the four of clubs, dummy's jack won, a small spade was led and East was faced to go in with the king. Now East could lead a heart, hoping to make declarer use up his trump in dummy before the spade suit was established, or he could lead a diamond. With four trumps in dummy, the heart lead looked better, so East led a diamond. Declarer won with the ace, cashed the king of trumps and ruffed a heart in dummy. The losing heart was the king of hearts. The ace of spades, and when the spade suit was established, he could lead a losing diamond on the nine and eight of spades.

Angelic Apron Twins
Dear Miss Dix: I am a widow, very comfortably fixed financially, with one child who has finished high school. When my husband died, my neighbor was very kind and has continued to look after my home, car, etc., and to advise me about my business affairs. In fact, he spends almost every evening with me, but when we go out he takes his wife along with us.

His children and his wife resent his spending so much time with me. But why? Also, the neighbors feel sorry for her and blame me for spoiling her home. Do you think I should tell him not to come?

A NOT TOO OLD WIDOW
ANSWER: You may not be too old to have a little platonic affair with a gentleman, but you are certainly old enough to know what it will do to your reputation. You are proverbially given to husband-enticing and, although you and your friend may have been on an amorous thought and spend your evenings discussing the market instead of killing each other, you cannot keep tongues from wagging as long as he shows his preference for your society instead of his wife's.

THERE IS JUST ONE infallible way to determine whether a line of conduct is right or wrong, and that is to ask yourself: How would I like somebody to do that to me? You would perfectly well you would have seen red if your husband had ditched you for your neighbor. So let the medicine like a good girl and tell Mr. X to stay on his side of the fence.

Dear Dorothy Dix: I am 21 years old. I have been married for a year for quite some time, but never got engaged to her. Recently I met another girl whom I like better. Should I stick to my old girl, or should I leave her just come in contact with?

ANSWER: Don't be tempted to either girl until your emotions have had time to settle. Just now you are in love with every pretty face you come across. Wait until you think some honey is prettier than Lana Turner. That's love.

Mrs. Edison Dies

NEW YORK, Aug. 25.—(AP)—Mrs. Mina Miller Edison, 82, wife of inventor Thomas A. Edison, died last night.

Your Baby and Mine

By Myrtle Meyer Eldred
The rubber-bridged baby does not need constant attention from relatives and friends in order to be happy. Even if a baby has had more attention than is really necessary, because there have been too many adults to play nursemaid to him, there still will be times when he will be content to be left alone and to occupy himself with his toys.

When a baby has become so contented that it demands the time of some adult to keep him from crying, the answer lies elsewhere. Usually, there must have been some change in his life when his diet was deficient. Then a lack of vitamin C (orange or tomato juice) or a synthetic pill—or there must have been a lack of vitamin D so that his nerves and body were made irritable by this deficiency.

Mrs. E. H. who writes too long a letter to print, says that she has become a martyr to the baby. They live in part of a home and their two landladies are elderly and nervous and cannot bear to hear a baby cry.

She feels that because the baby has too much attention it is irritable that he is now completely spoiled. She is waiting for a new baby and she thinks she ought to discipline this one so that he won't cry. She can make four hearts or four no trump, you had better play it if it is no trump, because it counts ten points more. As a result

I am not one who has much faith in the discipline of crying. If the baby has become too dependent upon you then the dependency should be tapered off. This can be done gradually, not abruptly. Play with him some of the time, then go into another room and talk to him, but do not hold him. Let him see his mother often and notice him, making him feel your loving presence, but expect him to play with his toys.

Have you had him checked recently by a pediatrician? You should. Deficiencies in a child's diet lead to constant irritability, inability to sleep and such behavior inspires parents to give him excessive attention. Get his diet as perfect as you can make it, so that he has sunshine and fresh air daily and the essential vitamins. I cannot but feel that earnest attention to these will result in so contented a baby that he will not need your constant services.

Our leaflet No. 41, "Independence," will show the mother some techniques for weaning her child from such adult dependence upon her. It may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of The Edmonton Bulletin.

German Papers Reveal:

Scotch Coastal Lights Aided U-Boat Raid

LONDON, Aug. 25.—(Reuters).—British's mighty battleship, the 20,000-ton Royal Oak, was sunk by a German U-boat in home waters near the coast of the war because "The English were kind enough" to switch on all lights from 10 to 10.30 p.m., captured German naval documents released Saturday said.

THE DOCUMENTS, known as

the "Pebbles" Conference

disclose that on the day Prince

Neville Chamberlain rejected

Hitler's "peace proposals" the Ger-

man submarines, U-47, commanded

by U-47, Günther Prien, lay sub-

merged off the Orkney Islands, for

a chance to sneak into the hitler-

to impetuous Scapa Flow, huge

British naval base off the Scottish

coast.

Prien's log said the half hour

of coastal lights enabled him to obtain

"the most exact fix." The follow-

ing day, shortly before midnight, Oct.

14, the submarine moved in

silently, dodging the cables of the

battleships.

SWIFTLY THE MEN UNDER

water fired torpedoes on three ships

and fired.

After three tense minutes came

the detonation of the nearest

ship. There is a loud explosion,

rumbling, then some col-

umn of water follows by a

series of fire and splinters fly

through the air." Prien wrote.

A battleship has been sunk,

a second damaged, and the other

three torpedoes have gone to blast-

ed. All the tubes are empty, I de-

cide to withdraw."

THE SUBMARINE slipped out of

Scapa at high speed and at 6:30 a.m.

lay submerged in the North Sea.

For 48 hours more it continued di-

recting.

ing during the day and surfacing

at night.

The morning of October 17,

the U-47 entered Wilhelmshaven and

the crew were flown to Kiel and

Berlin where U-47, Prien was an-

nounced to receive the Knight's

Cross of the Iron Cross.

Can She Lay 'Em
Twice as Fast?
Yes, Says Owner

NEW YORK, Aug. 25.—(AP).—Mabel, Brooklyn's four-legged hen with the tail-barrelled laying apparatus, came through Saturday night's first egg-laying contest, won by her first egg Wednesday, laid another today, this time from vent No. 2, to the great rejoicing of her owner, Murray Weiss. The five-month-old hen had a trying time of it, though. Weiss, who hopes Mabel will grow up to produce twice as many eggs as the ordinary barnyard fowl, spotted the second egg on the way. "But it didn't seem to want to drop," Weiss said. So he gave Mabel injections of a drug used in childbirth.

The Book of Knowledge
(Department: The United States)

This and the following articles are taken from the Book of Knowledge and can be clipped for saving to a reference book.

FIRST BABIES IN

COLONIAL AMERICA

So far as we know, the first European child born in America was the little Norwegian Seacroft, born about 1607. He went back to Europe when 3 years old, however, and so hardly counts as an American child.

There were doubtless Spanish children born at St. Augustine, which is the oldest town in the United States. But the first English child born in the New World was Virginia Dare, born in 1587 on Roanoke Island, now a part of North Carolina.

Sir Walter Raleigh was trying to establish a colony in this region, which he called Virginia in honor of Queen Elizabeth, the Virgin Queen, and the little girl was named for the country. Before Virginia was 3 years old, the colony disappeared, and no one knows to this day what became of its people. It is known as the "Lost Colony of Roanoke."

In 1620, when the Mayflower was creating a cold and wintry sea with a little band of Englishmen, two baby boys were born. It was decided that they should be called Oceanus and Peregrine. The first name is the Latin for ocean, and the second means wanderer. The names seemed to fit, as the children had been

born on the ocean during the wanderings of the Pilgrims.

"Oceanus" Peregrine! What very odd names! you exclaim. Yes, indeed, and very odd names were given to many of the children who were born in New England in the days of long ago.

Parents chose names from the Bible, or else gave the names of the Christian virtues to their children.

Many of them bore such names as Deliverance, Temperance, Hope, Patience, Truth, Faith, Isaac, Jeremiah, Preserved, and so on. But if it names were strange, the manner of their baptism seems far more so. "Half the Puritan children had scarce drawn breath in this vale of tears ere they had to endure an ordeal which might well be called the baptism of the 'survival of the fittest.' All were baptized within a few days of birth, and baptized in the meeting-house.

Can you imagine the January babe carried through the narrow streets or lanes to the freezing meeting-house, to be christened, when sometimes the ice had to be broken in the christening bowl. It was a cold and disheartening reception these children had in the Puritan church, where they were usually a little time. Indeed, from the moment when the baby opened his eyes on the bleak world around him, he had a Spartan struggle for life."

"Those who survived were usually very hardy. As soon as a child was 2 or 3 years old, his small shivering feet were daily dipped into a tub of icy cold water to make them tough. Many parents for the same reason believed that their boys should be 'baptized' when they were taught to swim."

Later articles will tell more about child life in colonial days.

When Kidneys Work Too Often
You May Lose Sleep and Energy

It is not unusual for a person to feel tired and weak after a long day's work. This is often due to the fact that the kidneys are not working properly. The kidneys are the body's natural filters, and when they are not working properly, they can cause a variety of symptoms, including fatigue, weakness, and loss of energy.

Help Kidneys Remove Acids
To prevent the acids from building up in the body, it is important to keep the kidneys working properly. This can be done by drinking plenty of water, eating a healthy diet, and exercising regularly.

Teacher Training
Winners Named

Winners of the 200 scholarships for teacher training in Alberta were announced Saturday by Hon. R. Earl Ansley, minister of education. The scholarships were awarded to students entering the faculty of education under the provision of education under the pro-

vincial government's teaching expansion scheme. All recipients of the scholarships have been notified by mail. Value of the scholarships is \$500 each. Half will be paid in October, the remainder early in January.

Total of 175 of the scholarships are going to students enrolling in the one-year teacher training course in the faculty of education of the university.

Remaining 25 are for the two-year course leading to the senior elementary and elementary school certificates.

Tuition fees for the one-year course are paid by the provincial government for all students who are scholarship winners or not.

Competition for the scholarships was very keen, with a total of 350 applications.

All "winners" hold the high school diploma, and have senior matriculation standing in English, Sci-

ences, and at least two other grade 12 subjects.

BYRD IN HOSPITAL
BALTIMORE, Aug. 25.—(AP).—Rear Admiral Richard E. Byrd, the Antarctic explorer, was admitted to Johns Hopkins hospital last night with what was termed a "medical condition." The hospital reported him "satisfactory" this morning and said he would remain for diagnosis and treatment.

He was admitted to the hospital last night with what was termed a "medical condition." The hospital reported him "satisfactory" this morning and said he would remain for diagnosis and treatment.

He was admitted to the hospital last night with what was termed a "medical condition." The hospital reported him "satisfactory" this morning and said he would remain for diagnosis and treatment.

Versatile Janitor
Feted by Tenants

CHICAGO, Aug. 25.—(AP).—Walter Clausen, who doubles as a baby-sitter, dog-walker and gym-rummy player when he isn't busy as a janitor, had 50 silver dollars, 48 cans of beer, 49 pretzels, and two birthday cakes yesterday. The 50 tenants at his North side apartment building, declaring he was a gem of a janitor because of "versatility beyond the call of duty," lav-

ished praise and gifts on him Saturday night at a surprise birthday party on his 39th birthday anniversary. The "clerk" said Walter Clausen, who doubles as a baby-sitter, dog-walker and gym-rummy player when he isn't busy as a janitor, had 50 silver dollars, 48 cans of beer, 49 pretzels, and two birthday cakes yesterday.
